“We came to the Fort which is situated on Snake River, immediately below the mouth of the Boisee. This Fort which is one of the smallest we have visited, is neatly constructed of Adobes and belongs to the Hud. Bay Company. Capt. Payette the gentleman in charge is a Frenchman and exceedingly polite, courteous and hospitable. He is a veteran in the service of the Hud. Bay Company. Has travelled much and undergone many hardships, in consideration of which his valuable services, he has been placed in charge of this post.

Elizabeth Wood, August 15, 1851

“On the opposite side of the river from us is a spring flowing out of the wall of a rock, large enough to turn a mill; it is a very beautiful stream, clear as crystal, and runs so rapid-ly that it looks white as ice as it flows over the rock, and roars like a mill race. We got Salmon of the Indians here.”

Equal Employment Opportunity Policy Statement

The Department of Insurance is committed to fostering equal employment in the workplace and providing opportunities based solely on an individual's merit.

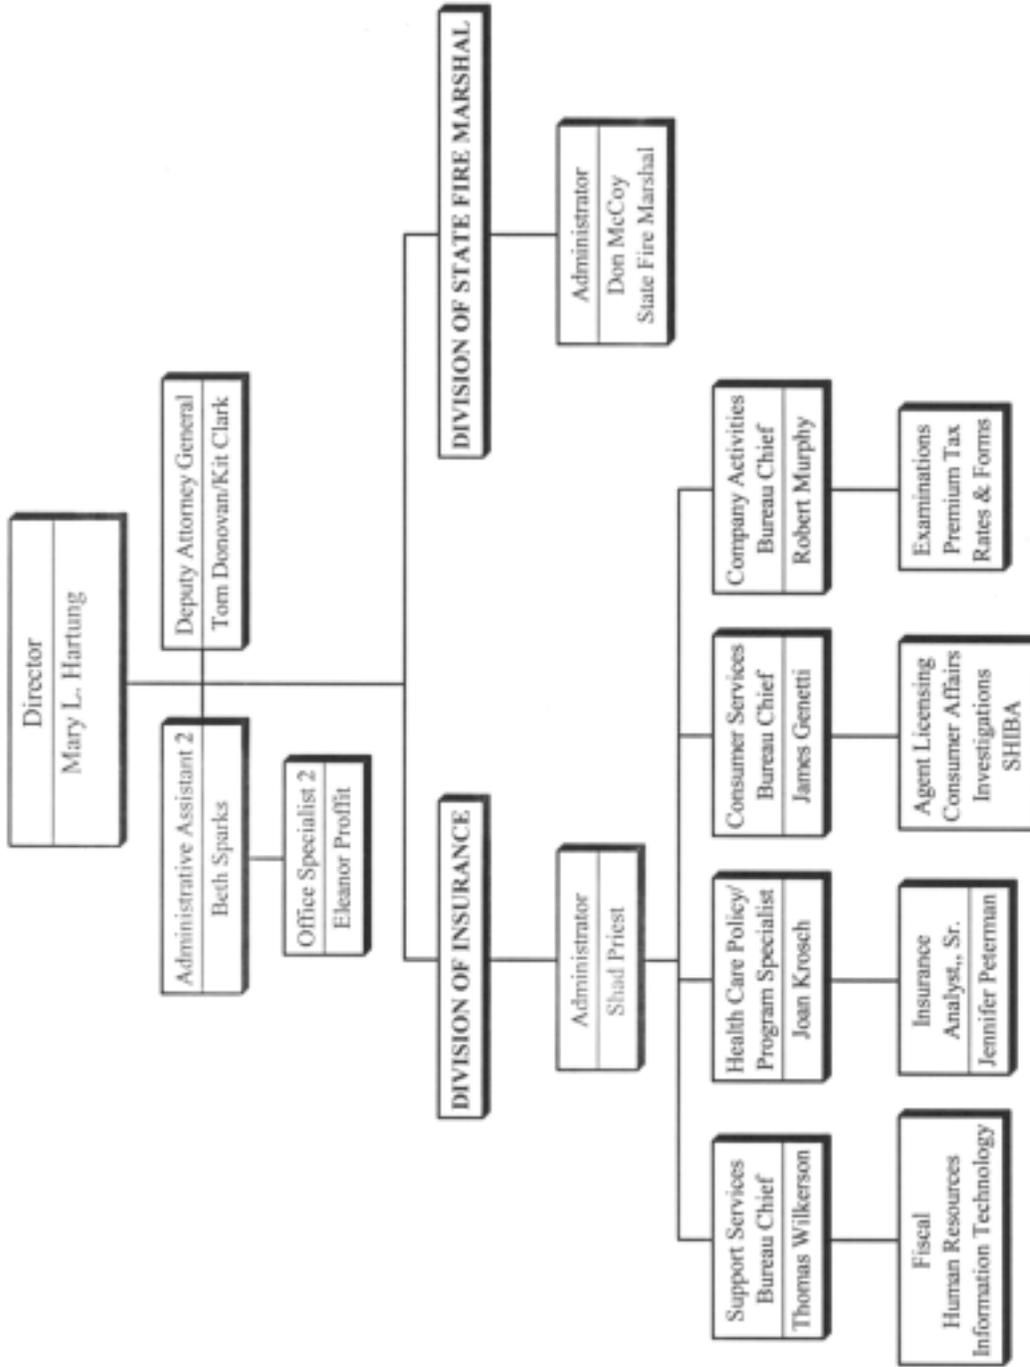

In pursuit of this commitment, the department has adopted and strictly enforces a policy of Equal Employment Opportunity (EEO). This plan defines specific steps to ensure that all aspects of the employment process are free from discrimination against any individual on the basis of race, color, religion, national origin, sex, age, veteran's status, and/or disability.

I will provide personal leadership and support for our EEO program and will present an annual report to the governor. I want to challenge each of you to share in exercising personal responsibility to ensure the success of our program.

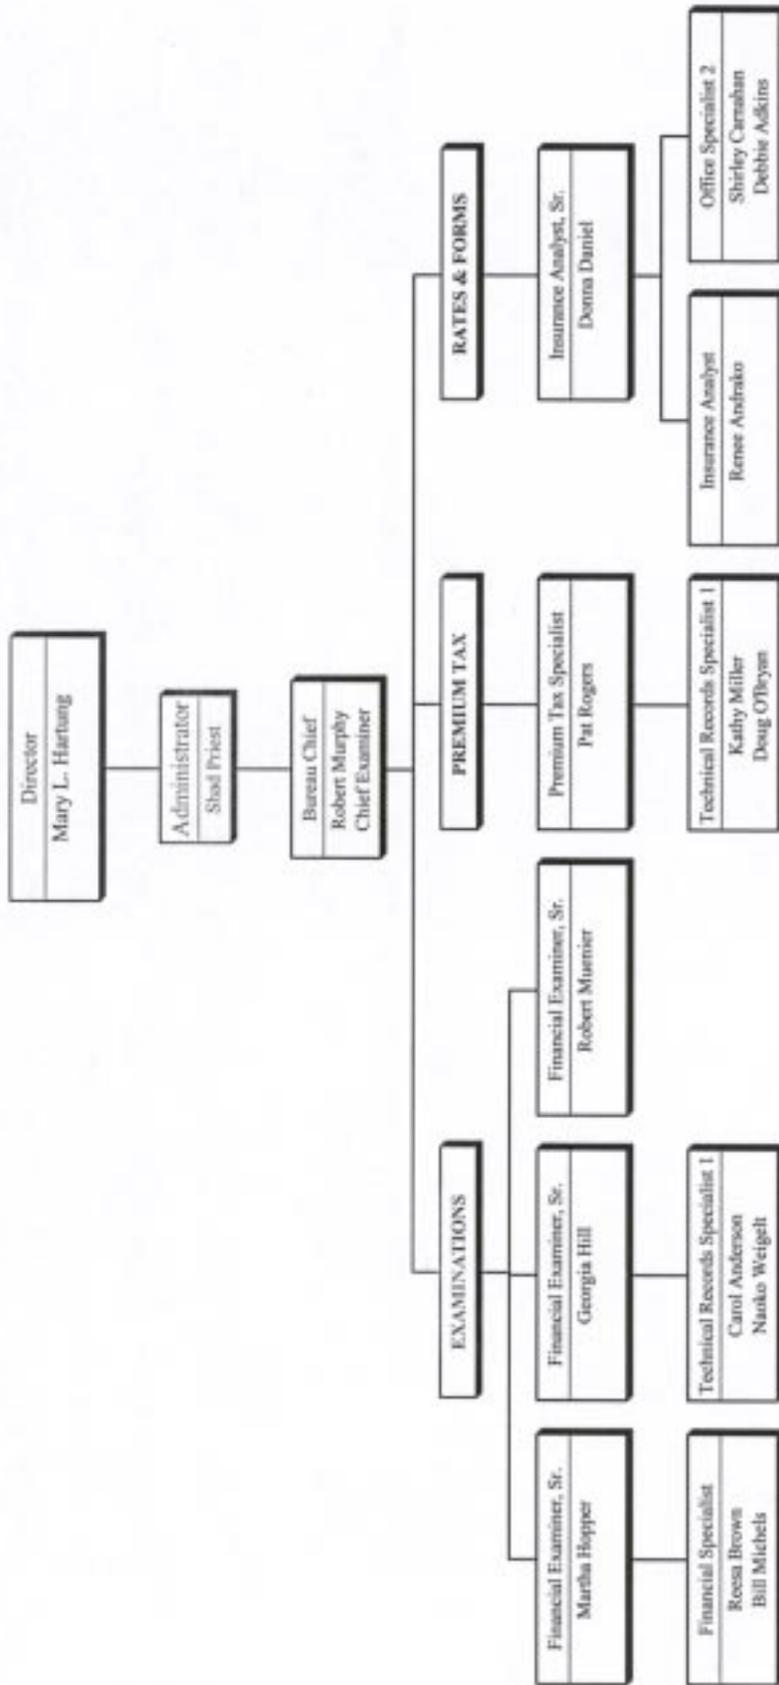

If you have suggestions or questions concerning the Equal Opportunity Policy of our department, feel welcome to discuss them with your supervisor or me.

Summary of Legislative Changes Impacting the Department of Insurance or the Insurance Industry Enacted in 2000

Department of Insurance Legislation

HB 396 Amends existing law to allow for deposits to the Insurance Refund Account by the Director of the Department of Insurance of up to twenty percent (20%) of taxes, fines and penalties as needed to meet current refund obligations.

House Bills

HB 403 Worker's Compensation. Provides that within 30 days subsequent to September 1 and April 1, worker's compensation insurers shall pay an assessment to the Industrial Commission for deposit in the Special Indemnity Fund.

HB 481 as amended. Domestic Mutual Insurers. Provides that a domestic mutual insurer, which has converted from a county mutual insurer, shall be subject to the same requirements and shall have the same rights as a like domestic insurer transacting like kinds of insurance, except that prior to 6-30-2004, surplus as regards policyholders may be maintained at a level equal to 50 percent net written premium in the calendar year preceding, with a minimum set at \$1 million dollars.

HB 543 Employer Liability. Limits the legal liability of an employer for the tortious acts of an employee.

HB 549 as amended Worker's Compensation. Clarifies attorney's fees when claims are made against a third party in worker's compensation cases.

HB 587 Mortgage Guaranty Insurance. Revises the definition of "authorized real property security" to provide that mortgage guaranty insurance may insure indebtedness in an amount up to 100 percent of the fair market value of the real property which is the security for the indebtedness.

HB 590 Worker's Compensation. Provides that exemption from worker's compensation coverage shall be effective for a pilot operating an aircraft for the purpose of applying fertilizers or pesticides to agricultural crops.

HB 612 Life/Health Insurance Guaranty Association. Codifies the Idaho Life and Health Insurance Guaranty Association's current policies and interpretations regarding coverage and limitations for insolvent insurers.

HB 643 Youth Driver's License. Requires anyone under age 17, who has successfully completed a driver's training course, to drive for at least four months on a supervised instruction permit before being eligible to apply for a class D driver's license.

HB 735 Department of Insurance Appropriation for FY 2001.

HB 750 Insurance—Individual High Risk Pool. Establishes high-risk reinsurance pool to provide health insurance to high-risk individuals regardless of health status or claims experience. Diverts 25 percent of premium tax proceeds above \$45 million to the pool.

HB 780. Requires that insurance companies that are subject to HB 750 will provide certain information to the Department of Insurance and to the Health Ins. Premiums Task Force.

HB 819. Regarding American Truckers Association lawsuit against State of Idaho. Partial payment of a lawsuit will come from Petroleum Clean Water Trust Fund and will be paid back according to an agreement with the Manager of State Insurance Fund and others.

HCR 52. Creates an interim committee to study the transfer/selling of financial and medical information.

Senate Bills

1309 as amended. Motor Vehicles—Insurance. Provides that in the event of an accident due to the negligence of an insured driver, primary coverage shall be provided by the operator's policy, and secondary coverage shall be provided by the owner's policy.

SB 1334 Uniform Electronic Transaction Act. Establishes the legal equivalent of electronic records and signatures with paper writings and manually signed signatures, removing barriers to electronic commerce.

SB 1340 Community Service Fee. Provides that community service fees shall be paid to the district court and deposited in the county treasury for payment to the State Insurance Fund.

SB 1389 Service Contracts. Service contracts will be subject to regulation by the Consumer Protection Act, not the Department of Insurance.

SB 1402 Insurers. Provides that insurers may invest their assets with banks with one or more branches in Idaho, not just banks domiciled in Idaho, to obtain the discount on premium tax.

SB 1406 Discount Cards. Makes it unlawful, under specified circumstances, to sell, market, promote, advertise or otherwise distribute any card, which is not insurance, to offer discounts in health care purchases.

SB 1455 Patient Information. Provides for confidentiality of patient-specific information concerning prescriptions and other information.

SB 1472 Health Insurance. When establishing premium rates, small employer and individual health insurance carriers may apply rating factor for age on an annual basis.

SB 1572 Life and Health Guaranty Association. To provide that managed care associations can be members of the Guaranty Association.

SB 1584 Petroleum Products, Transfer Fee. Provides for the transfer fee imposed on petroleum products delivered or stored within the state when the unencumbered Clean Water Trust Fund balance equals \$25,000,000; and to provide for reinitiating of the transfer fee when the unencumbered balance in the fund equals \$15,000,000.

SJM 108 Health Insurance Premiums, Tax Deductible. Urges Congress to pass legislation providing full deductibility from federal income taxes of health insurance premiums for individuals, self-employed and small groups.

SJM 109 Medicare Reimbursement. Urges Congress to pass legislation to increase Medicare reimbursements to levels allowing providers to fully recover the actual costs of providing necessary health care services to Medicare-eligible patients.

Robert Stuart, September 29, 1812

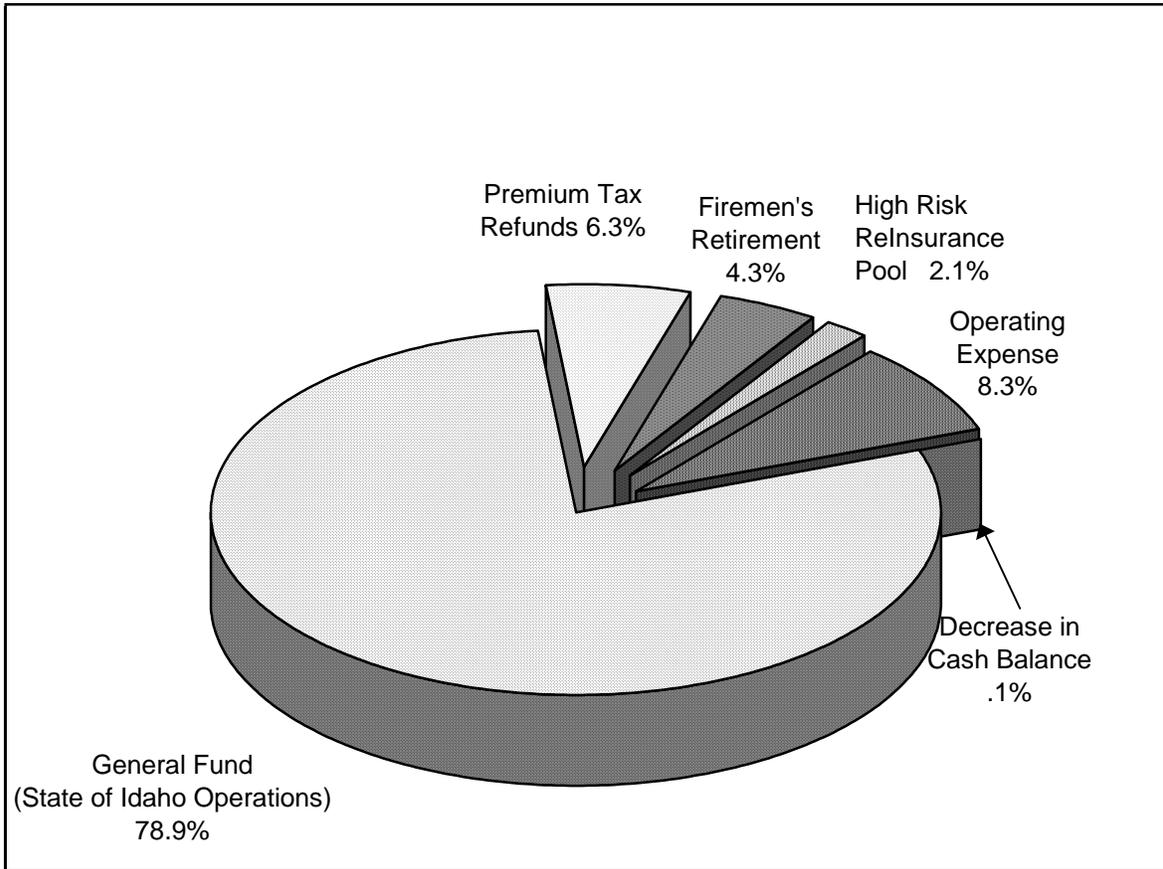

“...we again struck the main River, at the Caldron Linn, where one of the unfortunate Canoes were lodged among the Rocks, but although we wished on several accounts to see what state she was, the Bluffs intimated that to gratify our wish we must risk our necks, so we of course declined it....at the Caldron Linn the whole body of the River is confined between 2 ledges of Rock somewhat less than 40 feet apart, and here indeed is terrific appearance beggars all description... .”

Program Performance Report Department of Insurance Agency 280

Program Description:

To equitably, effectively and efficiently administer the Idaho Insurance Code.

Program Results and Effects:

The department continues to develop a single person analyst approach to financial/regulatory monitoring which we believe enhances departmental responsiveness by maintaining a higher level of ongoing knowledge of company condition and reducing dependence on dated information received from periodic financial examinations. This past year the department was able to monitor deteriorating financial situations in several of our domestic companies early enough that allowed the Director to work with the companies and to take regulatory steps designed to cure the financial crisis without having to pursue liquidation.

The company admission process of the Department continues to be hampered by the policies of outside agencies when workers' compensation authority is requested as one of the lines of business. In spite of these events, the Department licensed/listed/approved 48 entities to do business with 43 approved in less than 90 days and 34 approved within 30 days. The Department's financial approval of these 48 entities was accomplished within 90 days for 47 companies and with 42 being done in less than 30 days. The company admission section began the fiscal year with 7 applications pending and ended the year with 5 applications pending.

The Department approved additional lines of business authority for 18 companies who wanted to expand their writing authority in Idaho. Of the 18 approved, 17 were done within 90 days and with 9 of the 18 being approved within 30 days. The Department gave financial approval to all 18 within 60 days, with 16 of those approvals being given within 30 days. The Department began the fiscal year with 4 applications pending and ended the fiscal year with no pending applications.

The Department's premium tax section had gross collections for the fiscal year of over \$61 million. Of this amount, approximately \$3 million was distributed to the Firemen's Retirement, \$4 million to the Refund Account and \$1.4 million to the High Risk Reinsurance Pool. The remaining \$52 million transferred to the General Fund was 1.06% greater than projected.

The producer licensing section experienced a 32% increase in the number of applications received in fiscal 2001 and an average of a 5% increase in the number of licensed agents for the last 5 consecutive years. In spite of this growth, automation and procedural changes have helped the same number of personnel keep up with this increased workload. Further simplification, such as eliminating appointment renewals, should help the section handle the increased future workload with minimal added personnel. The agent licensing section currently maintains licenses for approximately 23,000 insurance producers located in jurisdictions throughout the United States and foreign countries.

Federal law now mandates that states have uniformity or complete reciprocity in their licensing laws by November of 2002. Changes made in the 2001 legislative session to producer licensing laws will bring us into compliance with Federal requirements and should significantly reduce the administrative requirements for licensing.

Insurance fraud in the United States and in Idaho continues to cost the insurance buying public in terms of higher premiums. The aggressive pursuit to curb the increase of this type of crime is one of the objectives of our investigative section. This objective is being accomplished through cooperative investigative efforts with the industry and local law enforcement bureaus and through public education.

**Department of Insurance - State Fire Marshal
Agency 280**

Program Description:

Participates in and coordinates an integrated statewide system designed to protect human life from fire and explosion through fire prevention and investigation.

Program Results and Effects:

The State Fire Marshal's ability to adopt new codes and train local officials in their use will reduce the losses citizens are subject to from fire. Providing limited manpower to assist local authorities with inspections and plans reviews aids small communities with volunteer or limited paid departments that are unable to complete these tasks. All inspections and plans reviews are done at the request of local authorities. The collection and tabulation of fire data are vital to establishing trends and code deficiencies. The investigations of fires and the prosecution of arson cases in small communities serve as deterrents. All investigations are done at the request of local authorities.

For more information contact Don McCoy, the State Fire Marshal, at 334-4370.

Major Functions and Target Performance Standard(s) for Each Function:

1. To provide a statewide program for fire prevention

Eliza Ann McAuley, July 15, 1852

“Just before coming to the River we had the hardest mountain to cross on the whole route. It was very steep and difficult to climb, and we had to double teams going up and at the summit we had to un-hitch the teams and let the wagons down over a steep, smooth sliding rock by ropes wound around trees on the side of the road. Some trees nearly cut through the ropes.”

Eliza Ann McAuley, *The Record of Eliza Ann McAuley*, in *Covered Wagon Women... 1840-1890*, edited and compiled by Kenneth L. Holmes, 11 vols. (Glendale, California: Arthur H. Clark Company, 1983-1993), 4:64.

State Fire Marshal

Soda Springs, 1882
Coutesy of Idaho State Historical Society, #78-130.40

Narcissa Prentiss Whitman, July 30, 1836

“Went today ten miles off our route with Husband Mr. McLeod & a few others, to visit Soda Springs. Was much delighted with the view of the wonders of Nature we saw there. The first object of curiosity we came to were several white mounds on the top of which were small springs of soda. These mounds were covered with a crustation made from the evaporation of the water which is continually running in small quantities from these springs. The next object we saw was a little singular. It consisted of an opening like a crater about three feet in diameter, by the side of a small stream. On some rocks a little below in the opening were dead flies & birds in abundance which had approached so near the crater, as to be choked with the gas which it constantly emits. On putting the face down, the breath is stoped instantly, & a low rumbling noise like the roaring of fire is heard beneath. Having satisfied our curiosity here we passed through a grove of juniper & pitch pine trees, & a small distance from them came to a large spring of soda water. Clear as crystal, effervescing continually. It appeared of great depth. At considerable distance below the surface, there were two white substances, in appearance like lumps of Soda in a concrete state. We took with us some soda & Acid to try the effect of a mixture & found that it effervesced with both, but the effervescence was greater with the Acid, than with the Soda. Drunk freely of the water, found it very pleasant. There were five or six other spring near Bear River which we did not visit, in consequence of loosing sight of our company & being obliged to hasten back.”

Joel Palmer, 1845

“We traveled about eighteen miles, crossing several running branches. The road is near the base of the mountain; wild sage and grease wood found in plenty. Encamped on Charlotte’s fork [Indian Creek], a small branch. [Next day] We traveled about eighteen miles, which brought us to Bois river, a stream of forty or fifty yards in width, and abounding in salmon; its banks are lined with Balm of Gilead timber. The bottoms here are two or three miles wide and covered with grass.”

Premium Taxes are collected by the Department of Insurance and deposited in the Insurance Administrative Fund #0229-10 to be distributed as follows: 20% to the refund account; a portion, based on a predetermined factor, to the firemen's retirement account; that portion (not to exceed \$200,000 in any one year) necessary to cover administrative costs incurred by the Department in placing insurance companies into receivership or under administrative supervision to the extent that such costs cannot be satisfied from the assets of the companies; and the balance to the general fund [Idaho Code, Section 41-406]. Premium taxes collected from authorized insurers are in lieu of all other state and local taxes payable in the State of Idaho with the exception of real property tax [Idaho Code, Section 41-405].

Premium tax offsets are allowed to the extent of 100% of the premium tax liability, unless otherwise indicated.

Domestic Examination Expense - A premium tax offset is allowed to domestic insurers for any expense paid to an examiner, actuary or other designated assistant. This offset is allowed in any of the five years following the year of payment [Idaho Code, Section 41-228(3)].

Worker's Compensation Offset - All worker's compensation insurers must pay a 2.5% premium tax on all business written to the Idaho Industrial Commission [Idaho Code, Section 72-523]. Insurers are allowed to offset 1.3% of this tax against the worker's compensation tax liability to the Department of Insurance [Idaho Code, Section 72-523]. The offset cannot be allowed against any other lines of insurance.

Idaho Life & Health Guaranty Association Offset - A premium tax offset is allowed for all Class B and Class C assessments. Insurers may take any portion of the assessment as an offset in any of the five years following the year the assessment is paid. Effective 1-1-94, offsets are limited to **20%** of each assessment paid after this date. An allowable offset, or portion thereof, not used in any calendar year cannot be carried over or back to any other year. The total offsets cannot exceed the tax liability or total assessment paid. [Idaho Code, Section 41-4314(1)].

The annual premium tax liability is based on calendar year premiums written. Premium taxes are prepaid in quarterly installments based on prior year's premiums and current year's tax rates. The installments are as follows: 60% due June 15, 20% due September 15, and 15% due December 15. The reconciliation payment is made on March 1 of the next year [Idaho Code, Section 41-402(3)].

City of Rocks

Bisbee Photo Collection

Wakeman Bryarly, July 19, 1849

“The road lies between high & immense rocky mountains, with not a particle of herbage or vegetation upon them, but being white & smooth upon their surface. Just opposite to where we encamped was one which struck us as particularly curious. It was a perfect face upon the highest cliff around... The road continued between these & around these rocky piles but the road itself was good. You can imagine among these massive piles, church domes, spires, pyramids, &c., in fact, with a little fancying you can see [anything] from the Capitol at Washington to a lovely thatched cottage. Four miles brought us to the coming in of the Mormon Road. Half [a] mile before striking it we passed through a narrow pass of rock, just wide enough for the wagons, & which evidently has been made by some adventurers before us. Three miles farther we came to another valley.”

Wakeman Bryarly, *Trail to California: The Overland Journal of Vincent Geiger and Wakeman Bryarly*, edited by David Morris Potter (New Haven, Connecticut: Yale University Press, 1962), pp. 160-161.

Osborne Russell, July 18, 1834

“We commenced the Fort which was a stockade 80 ft. square built of Cotton wood trees set on end sunk 2 ½ feet in the ground and standing about 15 feet above with two bastions 8 ft. square at the opposite angles. On the 4th of August the Fort was completed. And on the 5th the ‘Stars and Stripes’ were unfurled to the breeze at Sunrise in the center of a savage and uncivilized country over an American Trading Post.”
